TECHNOLOGY-BASED SOLUTIONS FOR MARKETERS

In today's world, marketing professionals are looking for ways to best position their products and services to achieve maximum bottom-line results. Customers are challenged with hectic schedules and time constraints making it difficult to sift through the deluge of information received daily from multiple sources. At AG OnDemand™, we partner with our clients to create custom and innovative marketing solutions that hit the target quickly and drive the best business results.

Successful marketing requires content relevant information, delivered to the right customer at the right time and through the right delivery channel. Using technology to create on-line systems for ordering, customization, automation and tracking, we can support our customers' efforts. Customers want what they want when they want it. Our technology allows you to turn those wants into the satisfaction of success. Our programs support retailers, franchise corporations and business-to-business marketers and are designed to reduce cycle time, improve workflow and drive out costs. High-quality, customized marketing messages are delivered from a sophisticated multi-media capable platform. Whether you're looking for a direct mail solution, point-of-sale marketing, newspaper inserts, catalogs, email or text messaging we will engage the right technology to maximize results.

You can learn more about AG OnDemand™ by visiting our website "<http://www.agondemandnow.com>". You can read actual case studies and take a virtual tour of one of our sites. One of our marketing consultants will be happy to provide a live demo of our solutions and create an ROI analysis and proposal for a custom marketing program for your organization.
